

I support and subscribe to XM radio. I travel in a portion of the United States that radio coverage is very poor. I also travel a lot from Arizona to Oregon during the summer to visit family and friends and knowing I can dial in to get traffic updates in a timely manner is very helpful. I don't know the specific radio stations in the major cities I travel through when I'm on the road, XM offers me this service and as a taxpayer I enjoy and like it. Please do not take this option away from me. Sincerely
